

## EDUCATION – WHAT ARE YOU ENTITLED TO?

The cost of education is high no matter what form of education you are hoping to offer a child in your care. For many carers, DHS or your community services agency may well be able to assist with covering the costs associated with putting children through school. For other carers, particularly those in non-statutory kinship arrangements, this assistance is not always forthcoming. The following subsidies and fee assistance packages are available to all statutory and non-statutory carers:
