

Education – What Are You Entitled To In 2020?

The cost of education is high no matter what form of education you are hoping to offer a child in your care. For many carers, DHHS or your Community Services Agency may well be able to assist with covering the costs associated with putting children through school. For other carers, particularly those in non-statutory kinship arrangements, this assistance is not always forthcoming. The following subsidies and fee assistance packages are available to all statutory and non-statutory carers.

Parent Payments in Victorian Government Schools

There are three categories of education items or services for which schools can request payment from parents or guardians:

1. Essential education items for which the parent/guardian must pay to provide, or for which the parent/guardian must pay the school to provide (e.g. text books, stationary, school uniforms where required)
2. Optional educational items which are offered on a user-pays basis allowing the parent /guardian to choose whether their child has access to such items; (eg: school magazines or extracurricular activities)
3. Voluntary financial contributions which parents and guardians may be invited to donate to the school;

School Councils are required to develop their own policy around these payments, with the stipulation being that the developed policy be in line with the Department's policy and it be made available to all parents and guardians upon request.

For further information go to <https://www.education.vic.gov.au/parents/services-for-parents/Pages/services-carers.aspx>

Most schools employ the services of a Welfare Officer and/or a School Chaplain. These staff members will be more than happy to assist you to access information around the school's specific policies relating to the services outlined in this supplement. If you encounter difficulties when trying to access any of these services, please contact FCAV and we will do what we can to liaise and facilitate this process.

If you are having difficulty in meeting the financial obligations of schooling a child in your care, please ask for help. Refer to your DHHS case worker, agency worker, support group or the Foster Care Association of Victoria if your need help or advice beyond what has been provided here.
